Service Training on... **19XB Positive Pressure Storage System**

A new Service Training video for the 19XB Positive Pressure Storage System with pump out unit is now available. The 19XB Positive Pressure Storage System is used for storage and management of positive pressure refrigerants HFC-134a and HCFC-22. This video can be used to train both technicians and customers. It covers:

- Controls and Components
- Overview
- Operation
- Maintenance
- Troubleshooting

This video will be sent to those on CCS and Distributor Service Training Automatic Mail and will be available in 4 to 6 weeks. If you wish to sign up for automatic mail distribution, please contact Denise Bliss at (315) 432-7016. Additional copies of the CD and books can be ordered through Literature Services.

19XB Positive Pressure Storage System

Description	Form No.	Catalog No.	List Price	Carrier Price
Video	19XB-02	021-913	\$75.00	\$60.00
